

How to Add Units in StorLogix

Adding Units

To add a unit in StorLogix:

 Click on your Users & Access in the home screen. (Alternatively, you can click on the three bars in the top left corner to bring up the Navigation Menu.)

- 2. You will be on a page with a list of users, units, access levels and status. On the top tab next to Users, click on **Units**. This will change screens to a list of assigned units.
 - a. If integrated, the property management software will send over the site's list of units. It is typically not needed to add a unit by hand.
