

PROEDGE

The Simple, Elegant Smart Latch

The ProEdge Smart Latch, by PTI Security Systems, simplifies door security for both operators and tenants with its next-generation Bluetooth technology that provides keyless access, automated rental possibilities, and overlocking functionality. This one latch is all that is needed to accommodate left and right hand doors and is designed for both flat and corrugated doors. Tenants just need to swipe left on the app to unlock the latch.

BLUETOOTH CONNECTIVITY

Tenant access controlled through a next generation Bluetooth connection via the StorID mobile app.

TAMPER RESISTANT BREAKAWAY TAB

A breakaway tab, with onboard accelerometer, mitigates forced entry efforts and notifies both tenant and owner in real-time.

STORLOGIX CLOUD INTEGRATION

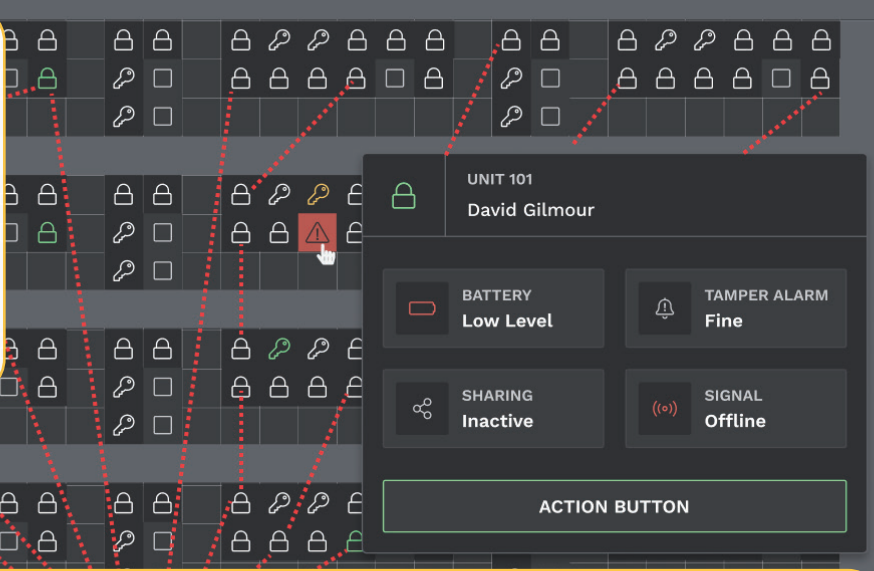

StorLogix Cloud connectivity through a robust mesh network provides operators with information on tenant access and overlocking capabilities.

3-YEAR BATTERY PERFORMANCE

A single lithium-manganese dioxide battery performs up to three years. A “wake” function extends the battery life so the unit is not always “listening.”

UNIT 101
David Gilmour

- BATTERY: Low Level
- TAMPER ALARM: Fine
- SHARING: Inactive
- SIGNAL: Offline

ACTION BUTTON

ProEdge leverages an onboard LumenRadio to mitigate noise from other wireless systems and a self-healing, adaptive MiraMesh network, with built in redundancies, to maximize uptime using the most optimum data route.

PROEDGE SPECIFICATIONS

	Materials	<ul style="list-style-type: none"> Material: Stainless steel casing
	Operating Temperature	<ul style="list-style-type: none"> -31° F to 150° F
	Tamper Resistance	<ul style="list-style-type: none"> Onboard accelerometer Breakaway tab
	IP Class Grade	<ul style="list-style-type: none"> IP55
	Battery	<ul style="list-style-type: none"> 3 years or 6,500+ lock/unlock cycles Battery type: Lithium-Manganese Dioxide Suitable for all environments

	Monitoring	<ul style="list-style-type: none"> LED light indicates lock status Access logs sync with StorLogix Cloud

UNLOCK THE POWER OF PROEDGE WITH STORID

Discover the full potential of the ProEdge solution by installing and activating the StorID app. Available for both iOS and Andoid devices, StorID provides tenants a convenient method to unlock and lock their storage units by direct-ly connecting to ProEdge via Bluetooth.
