# MOBILE SOLUTIONS

Providing tenants and operators with the convenience of a mobile app to access their facilities has become a standard in the self-storage industry. PTI gives self-storage owners and operators personalized mobile apps as a resource to enhance customer convenience, increase productivity, and distinguish their self-storage businesses in competitive markets.
EASYCODE

Designed to help self-storage owners and operators create a seamless experience for tenants, the EasyCode tenant-facing mobile app provides tenants with the ability to open gates, doors, and view access activity from their mobile device. With over 2,000,000 activations to date, EasyCode is the most advanced access control application in self-storage.

SYSTEM FEATURES

- Seamless renter sign-up process
- White glove facility onboarding
- Customization and logo placement available
- Multi-unit, multi-facility renters can use one account to view and store all access data
- Full integration with PTI Keypads, StorLogix Cloud, Door Alarms, and DoorBoss
TENANT BENEFITS

MOBILE PAYMENTS
Enjoy the convenience of an in-app payment link to your mobile-friendly website

1-CLICK ENTRY
Tenants can access the facility gate, doors, and elevator with the tap of a finger

REAL-TIME ALERTS
Tenant activity log keeps track of facility visits and can notify of any unusual activity

STORLOGIX MOBILE

The StorLogix Mobile app puts the unequaled power of PTI Security Systems' flagship access control system in the palm of your hand. View, control, and interact with your StorLogix Cloud software and system controller from anywhere in the world.
> **"** StorLogix Mobile is an easy remedy to everyday challenges faced by several self-storage owners and operators. Every self-storage operator and their management team should have access to this amazing tool. **"**

OPERATOR BENEFITS

RECIEVE CUSTOM NOTIFICATIONS

StorLogix Mobile helps protect your facility with ability to create customized notifications to alert you of unusual site activity or security issues in real-time.

MANAGE YOUR PROPERTY FROM YOUR POCKET

Gain visibility and improve your customer experience with the ability to open gates, doors, view site activity, and instantly respond to access issues and requests.

BOOST OPERATIONAL EFFICIENCIES

From performing lock checks to creating reports, StorLogix Mobile helps managers create efficiencies around manual tasks so they can spend more time driving revenue.
